SERVICE PROVISIONS

1. Natural Gas Commodity Charge

You will pay Rhoads Energy the fixed CCF rate per the agreement at time of enrollment, plus applicable sales tax, for Natural Gas Commodity for the length of this agreement. A $1 per month administrative fee will be charged to your account. The price to be charged after the Fixed Price Period will be in accordance with paragraph 5 of this Disclosure Statement. In addition, you are responsible for paying UGI Utilities' distribution charges, including but not limited to transportation charges, standby charges, and other applicable charges imposed currently or at any time during the effective term of this agreement by UGI Utilities. If you believe that your non-residential service is exempt from Pennsylvania state tax, you must provide us with a valid, properly executed sales tax exemption certificate. The exemption will be effective only after processed by your NGDC.

2. Term

The Fixed Price Period will begin on your next scheduled read date after your enrollment has been processed by UGI Utilities and will continue for 12 consecutive billing periods. Once during the contract term, you may opt to change your rate to Rhoads Energy's then current price to compare. This change can be made without a penalty; however, all other existing contract terms remain in place including: original term of the agreement, cancellation provisions and fees, and any other agreements made between you and Rhoads Energy Corporation. You need to notify Rhoads Energy in writing of

your decision to exercise this option and Rhoads Energy will confirm the change in writing to you. Once the change is made, you will not be eligible for any other rate changes during the remainder of your contract term. The new rate will be effective in approximately 20-45 days when the Local Utility (NGDC) makes the appropriate changes in their billing software.

3. Billing
We may bill you directly for your charges, or your NGDC will bill you for our charges and its charges, in which case you will continue to pay your bill for all charges in accordance with your NGDC's billing and payment terms.

4. Cancellation Provisions
You may cancel your service under this agreement with thirty (30) days advance notice to us. To cancel, please contact us at 877-NATGAS1 (877-628-4271). Rhoads Energy Corporation may cancel this agreement with at least 15 days prior written notice if you fail to make timely payment of our charges or if a change in law, regulation, market rules or NGDC tariff materially impairs our ability to fulfill our obligations under this Agreement. In addition, we reserve the right to cancel this Agreement at any time with advance written notice to you of at least thirty (30) days. Upon cancellation by either you or us, you will be responsible for all Rhoads Energy charges incurred hereunder until your account is transferred to another supplier. The cancellation will be effective on your next meter read date in accordance with your NGDC's rules.

5. Cancellation Fee / Relocation Provision
You will be charged a $70 fee, as a reasonable estimate of our damages, if you switch your service to another supplier or cancel this agreement during the initial term, unless cancellation is because you move.

6. Agreement Expiration/Change in Term
If you have a fixed term agreement with us that is longer than 3 months and it is approaching the expiration date, we will send you advance written or electronic (i.e., e-mail) notices at about 60-75 days and 45 days before the expiration date. If we propose to change our terms of service in any type of agreement, we will send you advance written or electronic (i.e., e-mail) notices at about 60-75 days and 45 days before the effective date of the change, in accordance with the PUC's rules. If we are billing you directly for our services, then we will provide the notices as a bill message, a bill insert, or in a separate corresponding mailing. If the NGDC is billing our charges for us, then we will provide the notices in separate corresponding mailings. We will explain your options to you in these two advance notifications.

7. Renewal Provisions
At the end of the initial term, this agreement will automatically renew for another fixed term of 12 consecutive billing periods and will incorporate any changes in terms, including price, for the renewal term. You may cancel this agreement without penalty at any time for any reason during the renewal term.
